

**We do not recommend dogs be given antlers, hard bully sticks or Nylabones as these have the potential to fracture and break teeth resulting in the need for tooth extraction and/or root canal therapy.**

### **RECOMMENDED CHEWS/TOYS FOR DOGS**

#### **Rubber Chew Toys:**

- Planet Dog Orbee Tuff Bones
- Kong brand rubber bones or classic Kongs (black are strongest)
- West Paw Design toys
- GoNut
- ChuckIt rubber balls

#### **Dental Chews:**

- Virbac VeggieDent Chews
- Virbac CET chews
- Oravet Chews
- Dental CheckUps
- We recommended dental chews be approved by the Veterinary Oral Health Council (VOHC). You can find a comprehensive list of approved items here:  
[http://vohc.org/accepted\\_products.htm](http://vohc.org/accepted_products.htm)

**\*\*As with ANY pet products, we recommend monitoring you pet with any new toys or chews to ensure they are not going to choke or swallow small pieces of toy.**
